

Right Plant, Right Place.

For planting success,
group plants by their
needs for water and
sunlight.

- Group plants by their water needs to avoid over-watering drought-tolerant plants.

MOIST SUN

DRY SUN

Santa Margarita
foothill penstemon
Penstemon heterophyllus
'Margarita B.O.P.'

cape balsam
Bulbine frutescens

autumn sage
Salvia greggii

- Save water by minimizing the area devoted to lawn and other moisture-loving plants in your garden.
